

Example Report

PLC Variables

The value of the ExampleString was 'This is a test string' and the value of ExampleInt was 12345.

Data as Tables

This table is rendered using dynamic values from a PLC structure (i.e. ExampleTable).

Name	Value
Example row 1	123
Example row 2	456
Example row 3	789

Inbuilt Font Styles

Style	Example
Normal	This is normal text
Bold	This is bold text
Italic	<i>This is italic text</i>
Bold Italic	<i>This is bold italic text</i>
Code	<code>const x = 42;</code>

Further Information

This tool uses **lodash** and **pdfmake** to generate PDF files from template-based structures. For full styling capabilities, refer to the official guide below.
